

**Industry's
Best Value**

ELECTRO-MEC INC.

REPAIR/REBUILD SERVICE

Motor Repair

- AC motor repair thru 7000HP
- DC motor repair thru 3000HP
- Full load dynamometer testing
- Computerized core loss testing
- Run testing to 13800VAC; 750VDC
- VPI-100% solids epoxy resin
- Bearing reabbating
- Brush electroplating
- Precision dynamic balancing
- Computerized vibration analysis
- AC & DC motor redesign
- U.L. explosion proof motor rebuilds

Field Services

- Laser alignment
- Motor/fan precision balancing
- Computerized vibration analysis
- In plant cleaning & testing
- Motor removal/installation

CNC Precision Machining

- 4-Mazak quick turn CNC lathes
- Hitachi-Seiki 40S CNC lathe
- Mori-Seiki SL-25M CNC lathe machining
- Mazak FH-680, 4 axis, horizontal machining center
- Mazak V-655-B vertical machining center
- 3-Fadal vertical machining center
- Mitutoyo F905 coordinate measuring machine

Mechanical Services

- Gear reducer rebuilding
- Centrifugal/submersible pump rebuilding
- Vacuum pump rebuilding
- Vertical/horizontal boring
- Flame spray metallizing
- MIG, TIG, stick welding
- Parts manufacturing

SERVICE/DELIVERY:

24 HOURS A DAY, 365 DAYS A YEAR.

MANUFACTURERS REPRESENTED

SIEMENS

Nema Frame Motors, Above Nema Frames, IEC Metric, Verticals, Explosion Proof, Parts

DC Motors, Nema Frames, Above Nema Frames, Verticals, Encoders/Tachometers, Parts

**MARATHON
ELECTRIC**

Inverter/Vector Duty Motors, Nema Frames, Above Nema Frames, Above Nema Frames, Fractional HP

Crusher Duty Motors, IEC Metric, Nema Frames, Above Nema Frames
